

2017 ITRC Annual Meeting – Fostering Environmental Partnerships

Dear ITRC Member:

ITRC is excited to announce our [2017 ITRC Annual Meeting](#) March 27-30, 2017 at the Intercontinental New Orleans, LA. This is the one time a year that all of ITRC gathers together to work on the technical team documents and celebrate the success of the past year. This year with over 500 attendees expected, we will also be awarding the 1st Annual ITRC Lifetime Achievement Award, as well as voting on open Board of Advisor positions and revisions to our Governance. Our 2016 Annual Meeting was our largest attendance to date, and we are excited to build off that momentum and carry our work into 2017.

ITRC is a State-led, public-private coalition working together to increase regulatory acceptance and the use of state-of-the-art technologies. Because ITRC frequently is asked about opportunities to engage, we wanted to make you aware of the **sponsorship opportunities and benefits** for this Annual Meeting. ITRC is a program of the Environmental Research Institute of the States (ERIS), a non-profit 501 (C)(3) organization, and sponsorships may be eligible for tax deductions.

The Annual Meeting will include a Reception and Awards Ceremony, as well as a Plenary Session highlighting regional efforts to overcome environmental challenges. Last year we had more than 400 environmental professionals from state environmental agencies; U.S. EPA, U.S. DOE, U.S. DOD, and other federal agencies; industry; and NGOs. We are excited to have nine technical project teams meeting across the week to continue their work on leading environmental issues. To discuss sponsorship opportunities, please contact ITRC Director, Patty Reyes at (202) 266-4933 or preyes@ecos.org. no later than March 6, 2017.
