

Dear ITRC Industry Colleague,

ITRC is excited to announce our [2019 ITRC Annual Meeting](#) on March 25-28, 2019 at the Boston Park Plaza, Boston, MA. This year we will host six Teams: 1,4 Dioxane, Harmful Cyanobacteria Blooms (HCBs), Incremental Sampling Methodology (ISM), PFAS, Implementing the Use of Advanced Site Characterization Tools, and Optimizing In Situ Remediation Performance & Injection Strategies.

On March 29, 2019, we will host a separate PFAS one-day training led by experts from state and federal agencies, academia, and private industry. The training will explore the key elements for characterizing and managing PFAS impacted sites.

As in the past, we expect over 400 environmental attendees from state environmental agencies; U.S. EPA, U.S. DOE, U.S. DOD, and other federal agencies; industry; and NGOs. ITRC is seeking industry sponsors to support the meeting at the following levels:

- ❖ **Coffee Sponsor (\$2,500):** One free meeting registration; signage at sponsored break; area to display materials (exhibit, poster, banner, etc.) at Registration.
- ❖ **Seated Breakfast Sponsor (\$5,000):** Three free meeting registrations; area to display materials (exhibit, poster, banner, etc.) at registration; signage at sponsored event; and larger logo recognition.

Sponsors name and company logos will be recognized on the ITRC website, on ITRC Annual Meeting posters and slides. **The deadline for sponsorship is March 1, 2019.** If you are interested in being a sponsor, please contact Patty Reyes at (202) 266-4933 or preyes@ecos.org.
