

# Interstate Technology & Regulatory Council

## 2026 Online Training Schedule

Registration: <http://www.clu-in.org/live/>

2026 Date (1pm ET Start)	ITRC Training Topic
January 13	<u><a href="#">Introduction to Hydrocarbons</a></u>
January 15	<u><a href="#">Managed Aquifer Recharge</a></u>
January 27	<u><a href="#">PFAS Chemistry Explained</a></u>
February 12	<u><a href="#">Microplastics</a></u>
February 17	<u><a href="#">Sediment Cap Isolation</a></u>
February 24	<u><a href="#">Vapor Intrusion Mitigation (a two-part series) Session 1 (Revamped)</a></u>
February 26	<u><a href="#">PFAS &amp; Biosolids: Sources, Occurrence, Transport, and Treatment (NEW)</a></u>
March 5	<u><a href="#">PFAS Introductory Training</a></u>
March 12	<u><a href="#">Reuse of Solid Mining Waste</a></u>
March 17	<u><a href="#">Vapor Intrusion Mitigation (a two-part series) Session 2 (Revamped)</a></u>
March 26	<u><a href="#">PFAS - Practical Approaches for PFAS Fate &amp; Transport Evaluation (NEW)</a></u>
April 7	<u><a href="#">PFAS Sorption Based Technologies for Separation &amp; Concentration of PFAS from Water (NEW)</a></u>
April 30	<u><a href="#">Understanding Vapor Intrusion: Introductory Concepts &amp; Fundamentals (a two-part series) Part 1 (NEW)</a></u>
May 5	<u><a href="#">Pump &amp; Treat Optimization</a></u>

Course dates and times are subject to change. ITRC may add new training topics and dates throughout the year, so please check back for updates!

**2026 Date  
(All start at 1pm ET)**

**ITRC Training Topic**

<b>May 7</b>	<b><u>Contaminants of Emerging Concern Framework</u></b>
<b>May 12</b>	<b><u>Understanding Vapor Intrusion: Introductory Concepts &amp; Fundamentals (a two-part series) Part 2 (NEW)</u></b>
<b>May 19</b>	<b>Introduction to Hydrocarbons</b>
<b>June 9</b>	<b>PFAS Chemistry Explained</b>
<b>September 3</b>	<b>Reuse of Solid Mining Waste</b>
<b>September 8</b>	<b>Understanding Vapor Intrusion: Introductory Concepts &amp; Fundamentals (a two-part series) Part 1</b>
<b>September 22</b>	<b>Understanding Vapor Intrusion: Introductory Concepts &amp; Fundamentals (a two-part series) Part 2</b>
<b>September 24</b>	<b>Pump and Treat Optimization</b>
<b>October 1</b>	<b>Contaminants of Emerging Concern (CEC)</b>
<b>October 13</b>	<b>PFAS Introductory Training</b>
<b>October 22</b>	<b>Vapor Intrusion Mitigation (a two-part series) Session 1</b>
<b>October 27</b>	<b>Introduction to Hydrocarbons</b>
<b>November 3</b>	<b>Vapor Intrusion Mitigation (a two-part series) Session 2</b>
<b>November 17</b>	<b>Understanding Vapor Intrusion: Introductory Concepts &amp; Fundamentals (a two-part series) Part 1</b>
<b>December 3</b>	<b>Understanding Vapor Intrusion: Introductory Concepts &amp; Fundamentals (a two-part series) Part 2</b>

Course dates and times are subject to change. ITRC teams are developing new courses and will be adding new training topics and dates throughout the year, so please check back for updates!
